## SPOTLIGHT ON...Hassan Sultan...

Hassan Sultan or Mr. Hassan as students refer to him, is an exceptionally valued staff member at Washington Elementary. He works in classrooms and is also in charge of the 21st Century Afterschool Program. Hassan is extremely present in Washington students' lives. He is most definitely looked at as a father figure to many of the Washington students.

In the classrooms, Hassan supports students with challenging behavioral issues. He assists students to identify behaviors and works with them to come up with strategies to change them in a positive way. The mutual respect Hassan and his students have with one another is inspiring, and something that his colleagues look up to.

As the coordinator of the 21st Century Afterschool Program, Hassan works tirelessly to ensure students feel right at home, and are being challenged academically and socially while staying late at school. He is continuously working to bridge the gap between school and home, and succeeds in doing this. He talks with each parent face to face, and forms relationships with them as they pick their children up from after school. He also provides workshops for parents in the areas of behavior, reading at home, etc. Washington Elementary School is so grateful to have such a hardworking, enthusiastic, and dedicated member of their staff!
